**PROPOSED RESOLUTION**

**CHILDHOOD LEAD POISONING PREVENTION WEEK IN COOK COUNTY**

**WHEREAS**, lead poisoning is a significant and wholly preventable environmental and health problem for the children, families, and pregnant women in Cook County; and

**WHEREAS**, even in low amounts, lead poisoning can cause irreversible brain damage, shortened attention span, hyperactivity, aggressive behavior, learning disabilities, and other developmental problems for children; and

**WHEREAS**, because their homes were built before 1978 when lead paint was banned from household use, the inhabitants of nearly eighty percent of Cook County homes may be at risk of lead poisoning; and

**WHEREAS**, over 5,000 Cook County children in 2010 were identified with lead levels at which research indicates cognitive and social development may be compromised; and

**WHEREAS**, the observance of Childhood Lead Poisoning Prevention Week is a great moment to inform the community of the risks of lead poisoning; and

**WHEREAS**, Childhood Lead Poisoning Prevention Week presents an opportunity to rally in support of the children of Cook County to help them grow and learn in an environment free from the harmful effects of lead; and

**WHEREAS**, Childhood Lead Poisoning Prevention Week provides an opportunity to recognize the Cook County Department of Public Health staff, nurses and environmental inspectors who provide services to children with elevated blood lead levels and their families.

**NOW, THEREFORE, BE IT RESOLVED**, that the Cook County Board of Commissioners does hereby recognize October 21, 2012 through October 27, 2012, as “Childhood Lead Poisoning Prevention Week” throughout Cook County, and encourages all our residents to work together to combat the threat of lead poisoning.

ALEXIS A. HERRERA, Chief Financial Officer

requesting approval by the Board of Commissioners to transfer funds totaling \$2,325,000.00 from and to the accounts listed below, for additional food service funding

Reason: Due to an unexpected increase in the population at the Department of Corrections additional funds are needed to provide food service to the inmates through the remainder of the year.

From Accounts:

211-120	Overtime Compensation	\$125,000.00
231-353	Books, Periodicals, Publications, Archives and Data Services	100,000.00
231-818	Reimbursement to a Designated Fund	200,000.00
236-298	Special or Cooperative Programs	1,000,000.00
239-120	Overtime Compensation	400,000.00
239-215	Scavenger Services	<u>500,000.00</u>
	<b>Total</b>	<b>\$2,325,000.00</b>

To Accounts:

239-223	Food Services	<u>\$2,325,000.00</u>
	<b>Total</b>	<b>\$2,325,000.00</b>

1. On what date did it become apparent that the receiving account would require an infusion of funds in order to meet current obligations? What was the balance in the account on that date, and what was the balance 30 days prior to that date?

August 25, 2012 is when it became apparent that the Food Services account would need an infusion of funds because the balance was insufficient to meet our needs for the remainder of the year. The account balance on that date was \$0 and the balance 30 days prior was \$259,468.00.

2. How was the account used for the source of transferred funds identified? List any other accounts that were also considered (but not used) as the source of the transferred funds.

The accounts used as the sources of transferred funds were identified because of the unencumbered balances in these accounts. No other accounts were considered for this transfer.

3. Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

None.

4. If the answer to the above question is “none” then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

The unobligated surplus in 211-120 Overtime Compensation is due to a new policies put in place that limits the need for overtime.

The unobligated surplus 231-153 Books, Periodicals, Publications, Archives and Data Services is due to air cards being funded from the County budgeted Communications Account, which we were unaware of while budgeting the FY 2012 funds.

The unobligated surplus is 231-818 Reimbursement to a Designated Fund is because funding was initially budgeted to continue a partnership with the Chicago Police Department; Asset Forfeiture funds were instead used for this partnership.

The unobligated surplus in 236-298 Special or Cooperative Programs is due to sufficient funds from a purchase order from FY 2011.

The unobligated surplus in 239-120 Overtime Compensation is due to the creating of a centralized medical call-in unit that has led to a decrease in overtime.

The unobligated surplus in 239-235 Scavenger Services is due to a change in operations and monitoring of garbage, as well as an increase in types of materials recycled, these things have led to a reduction in garbage pickup at the Department of Corrections.
